

INSPIRING FUTURE POSSIBILITIES: A CONVERSATION WITH THE SHAW LAUREATES

THE SHAW PRIZE 2024 STUDENT ENGAGEMENT PROGRAMME

Senior form students who want to immerse themselves in scientific exploration and interact with world-class scientists in three different fields - Astronomy, Life Science and Medicine, or Mathematical Sciences, are encouraged to join this exclusive student engagement programme.

Shortlisted students will be divided into three groups based on their interests. They will have the opportunity not just to listen to the Shaw Laureates, but to ask probing questions and take part in discussions led by a moderator.

Application Deadline

October 23, 2024

Online English Journalistic Writing Workshop & Pre-event Briefing Session

November 9, 2024 (11am-12:30pm)

Main Event Day

November 14, 2024 (9:30am-11:45am)
